

Krithikaa Madhumitha KT

Assistant Manager – Project Management | Data Analytics | Digital Transformation

PROFESSIONAL SUMMARY

Results-oriented IT professional with over 9 years of experience in project coordination, quality assurance and stakeholder management across healthcare and insurance domains. Proven expertise in leading end-to-end project lifecycles, regulatory compliance initiatives, and data migration programs. Skilled in Agile methodologies, risk management and process optimization using tools like JIRA, Confluence and Power BI. Recognized for driving cross-functional collaboration, improving operational efficiency and ensuring quality-driven project delivery.

TECH STACK

- **Data & Analytics:** Azure Data Warehouse, SQL, SAS Studio, Python, Databricks
- **Project Management:** JIRA, Confluence, Agile, Scrum, Sprint Planning
- **BI & Reporting Tools:** Tableau, Power BI, Microsoft Office Suite
- **Operating Systems:** Windows, Ubuntu

WORK HISTORY

Deloitte Consulting Private Limited – Senior Consultant

06/2021 – 11/2024

- Managed the full life-cycle of IFRS 17 implementation projects, overseeing SIT, UAT and go-live phases to ensure timely delivery and regulatory compliance.
- Led a cross-functional team of 9 across 13 business units, improving testing efficiency and execution quality by 30%.
- Coordinated stakeholder communication between business, technical, and finance teams to align deliverables and resolve project risks proactively.
- Oversaw data migration from SAS to Azure using Python-based Databricks pipelines, ensuring seamless transition and data integrity.
- Ensured SLA compliance by monitoring service performance, proactively addressing risks, and maintaining audit-ready documentation.
- Supported proposal and RFP submissions by aligning candidate profiles, preparing cost estimates, and drafting technical content for client bids.
- Championed employee engagement initiatives and organizational events, contributing to cultural development and cross-team collaboration.

Ramesh Nimmagadda Cancer Foundation – Project Tester

09/2018 – 07/2020

- Collaborated with clinical and technical teams to enhance oncology data systems, improving accuracy in early cancer diagnosis analysis.
- Designed and executed automated test scripts to validate application performance and data accuracy across multiple platforms.
- Conducted end-to-end system testing and usability assessments, leading to improved functionality and user experience.

Jade Vine Technology – Team Lead

04/2014 – 08/2018

- Supervised a 10-member QA team to deliver high-quality software solutions for UK-based insurance and retail clients.
- Defined and implemented test strategies, automation frameworks, and defect management processes to ensure consistent quality standards.
- Coordinated with development and business teams to prioritize testing efforts and manage release cycles efficiently.

Alto Scale Inc – Student Intern

06/2012 – 06/2012

- Developed a Python-based application using Google App Engine to generate secure random passwords.
- Documented technical workflows and process steps in reference manuals for internal use.
