PROFESSIONAL SUMMARY

Program Manager and QA Lead with 9+ years in IT and BFSI domains, specializing in IFRS17 regulatory compliance testing, SIT/UAT execution and large-scale data migration programs. Proven expertise in ETL validation, actuarial/finance module testing and stakeholder alignment across insurance and healthcare portfolios. Recognized for driving defect resolution, audit readiness and cross-functional collaboration.

TECH STACK

- **Data & Analytics:** Azure Data Warehouse, SQL, SAS Studio, Python, Databricks
- **Project Management:** JIRA, Confluence, Agile, Scrum, Sprint Planning
- **BI & Reporting Tools:** Tableau, Power BI, Microsoft Office Suite
- **Operating Systems:** Windows, Ubuntu

WORK HISTORY

Deloitte Consulting Private Limited – Senior Consultant

06/2021 – 11/2024

- Managed the full life-cycle of IFRS 17 implementation projects, overseeing SIT, UAT and go-live phases to ensure timely delivery and regulatory compliance.
- Led a cross-functional team of 9 across 13 business units, improving testing efficiency and execution quality by 30%.
- Coordinated stakeholder communication between business, technical and finance teams to align deliverables and resolve project risks proactively.
- Oversaw data migration from SAS to Azure using Python-based Databricks pipelines, ensuring seamless transition and data integrity.
- Supported proposal and RFP submissions by aligning candidate profiles, preparing cost estimates and drafting technical content for client bids.
- Championed employee engagement initiatives and organizational events, contributing to cultural development and cross-team collaboration.

Ramesh Nimmagadda Cancer Foundation – Project Tester

09/2018 - 07/2020

- Collaborated with clinical and technical teams to enhance oncology data systems, improving accuracy in early cancer diagnosis analysis.
- Designed and executed automated test scripts to validate application performance and data accuracy across multiple platforms.
- Conducted end-to-end system testing and usability assessments, leading to improved functionality and user experience.

Jade Vine Technology – Team Lead

04/2014 - 08/2018

- Supervised a 10-member QA team to deliver high-quality software solutions for UK-based insurance and retail clients.
- Defined and implemented test strategies, automation frameworks and defect management processes to ensure consistent quality standards.
- Coordinated with development and business teams to prioritize testing efforts and manage release cycles efficiently.

Alto Scale Inc – Student Intern

06/2012 - 06/2012

- Developed a Python-based application using Google App Engine to generate secure random passwords.
- Documented technical workflows and process steps in reference manuals for internal use.
